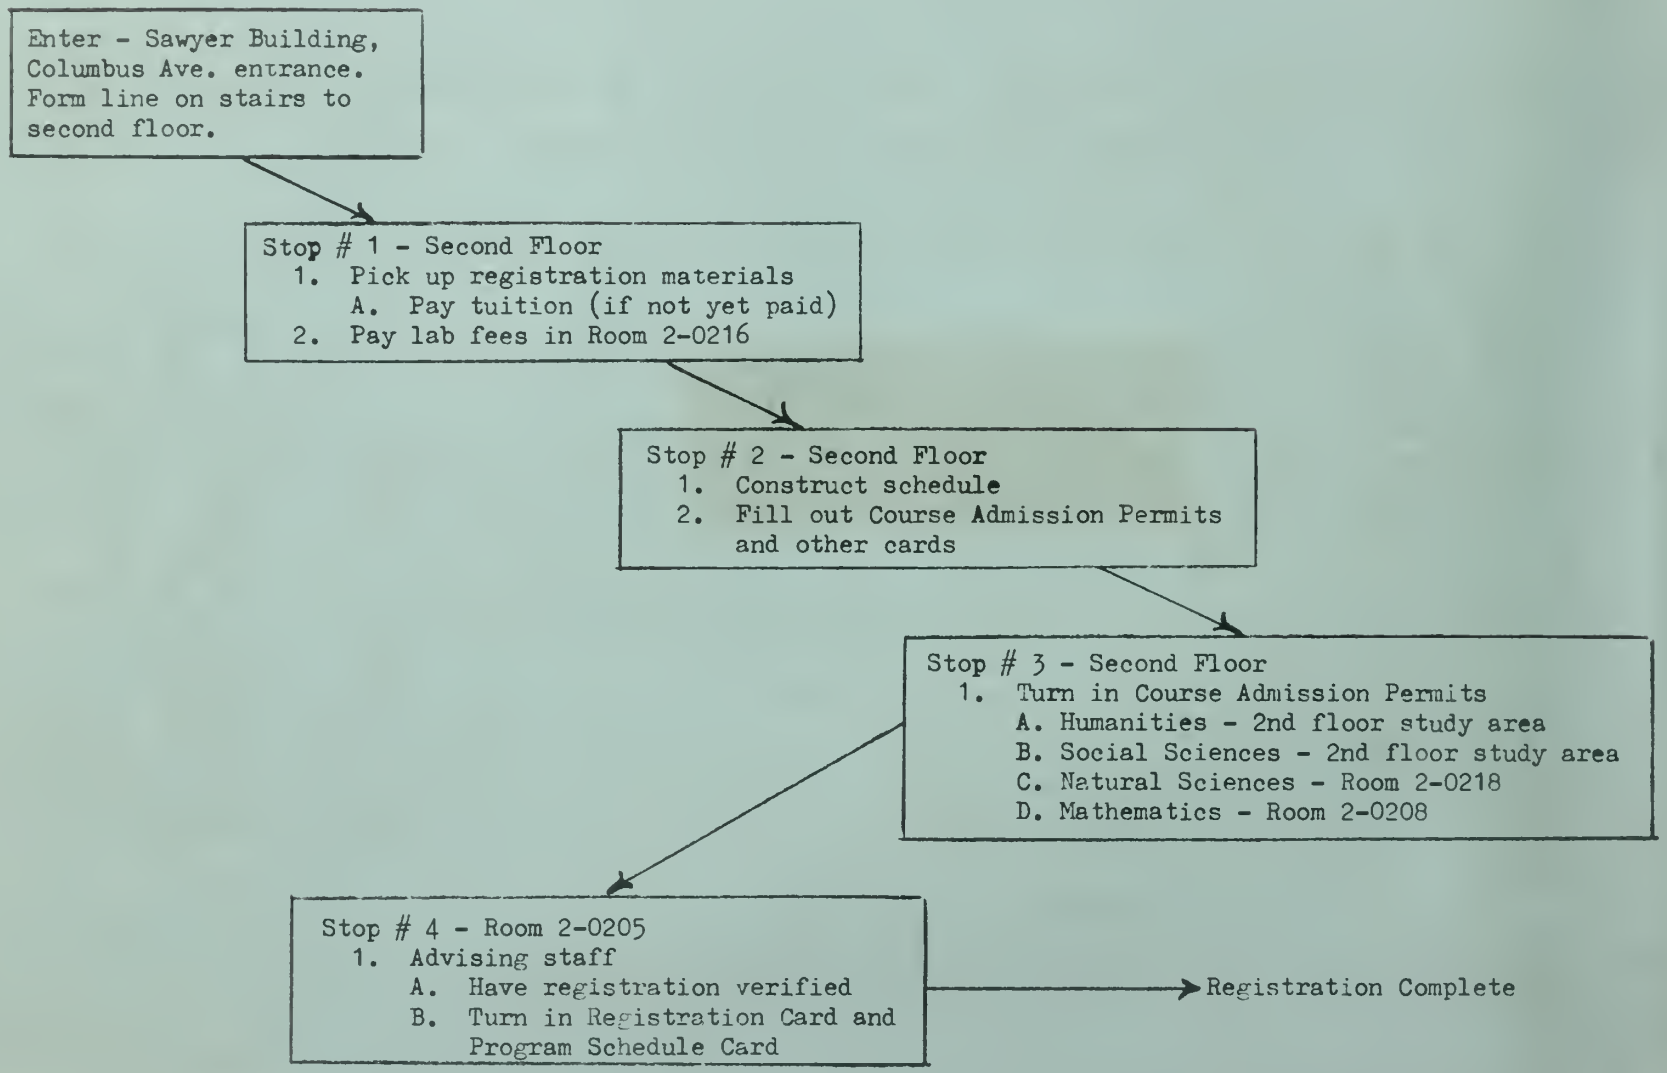
Fall 1968



UNIVERSITY OF MASSACHUSETTS - Boston i.

Registration Instructions

1. Read these instructions carefully before proceeding with registration.

2. Make all entries on your registration forms in pencil.

3. Pay required lab fees (amount of fees listed next to course on schedule) before proceeding to construct your schedule. HOW TO FILL OUT LAB CARDS: The yellow and blue cards are lab cards. Fill out one of each for each lab you are entering. In the "Department" block put the course prefix (ex. Bi). In "Course No." block put the course suffix (ex. 101). Leave "Section" block blank until you complete your program. Enter the amount of the fee in the block on the middle right side of both cards. Present cards to the Treasurer. He will stamp both paid and return the yellow card to you. The treasurer will keep the blue card. You will turn in the yellow card at the rostering station.

4. Proceed to construct your schedule. Line out "Closed" sections on your Schedule of Courses.

5. From the sections open to you, plot a time schedule on the "Schedule Worksheet."
   A. Enter single section courses first
   B. Schedule language courses next together with language labs (see separate scheduel of language labs), and/or
   C. Schedule natural science courses which in most cases require the scheduling of lecture snd lab and/or recitation session
   D. Multiple section courses should be scheduled last in that they offer the most latitude in scheduling.

6. Normal full-time load: Freshmen and sophomores - 4 courses
   Juniors and seniors - 5 courses
   Minimum full-time load: 12 credits all classes (students seeking exception to minimum full-time load must process a Reduced Load Permit through the Advising Office).

7. When you have completed a satisfactory schedule on your "Worksheet", copy that program on the back of your "Registration Card" and on the white "Program Schedule Card."

8. Next, fill out the orange "Course Admission Permits" - one for each course. Keep a diligent record of your section numbers. Be sure the section numbers are correct on your cards. DO NOT LOSE OR DESTROY ANY OF THESE CARDS.

9. Complete the yellow cards for labs (or natural science recitation sessions) you are taking. Be sure section numbers are correct on the cards.

10. In Ch 103 and Py 111, fill out orange card for recitation session and yellow card for lab. No card required for lecture.

11. VERY IMPORTANT - After your program is complete and you have turned in cards for all your sections and labs, be sure to turn in your Registration Card and the white Program Schedule Card before leaving the building. These must be checked by the Advising Staff. Your registration is not complete until these cards have been turned in.

12. Retain the "Schedule Worksheet" as your copy of your schedule and section numbers.
